# TESTIMONIALS

DASS was an amazing hair/makeup vendor for our wedding. They are very thorough with their contract and making sure to get all the inspiration pics and details needed to create the perfect look. I wanted a vintage Hollywood Waves inspired hair style and my stylist, Bao, nailed it! My wedding party was also in love with the outcome of their hair and makeup. Thank you DASS for helping make our big day so special!

**Maddison B**

DASS was my best vendor during my wedding. All sisters were very friendly & took suggestions very well. Highly recommend their team for any event. Their work was flawless!

**Rebecca G**

DASS went above and beyond for my bridal party and !!! We had the best morning getting ready with them and made us all look amazing for photos!

**Elizabeth A**

My wedding ceremony and reception were split between two days and I hired the girls at DASS to for hair and makeup both days and they did a fantastic job! From the initial phone consultation to the weekend of, they made the experience fun and stress free. I came in for a trial and had a few changes for them leading up to the day of and they were super receptive to the feedback. They were attentive to making sure everything turned out the way I envisioned it; if I didn't know they asked questions or would give their expert recommendations. The team is easy-going, sweet and very talented in what they do. They also did my bridesmaid's makeup and the service they all received on both days were just as outstanding. The makeup and hair held up really well. If you're looking to get glammed up, hire this lovely team of sisters!

**Sombath T**

I was surprised by my maid of honor with their services. I had to cancel and reschedule my wedding due to covid and was devastated. But when I found out and looked into DASS, I was super excited! We did makeup and hair trial; Bao and Pang were so excellent at the trials and turning my vision into a reality. Day of wedding, they were already there earlier than their time and exceeded my expectations. I love their work and they did great work on my bridesmaid hairs and Lisa did great on my maid of honor! Go DASS!

**Nruabci X**

These girls (Bao and Lisa) were fantastic! They really made us feel as princesses (to me and my wedding party) on my wedding date. They wanted to be sure that we were comfortable and that we liked what they were doing on us. If we wanted something different they adapted the style to our taste until we were happy with it. I totally recommend them, it's worth it! They are amazing!

# TESTIMONIALS

I absolutely LOVED working with the entire DASS Glam Team! Bao, Lisa, and Pang were all amazing professionals that created works of art for my bridal party! I appreciated that they were willing to travel and I was able to get ready right at the venue. I also loved that I was able to go in for a trial to make sure that I got a style that I loved and wanted! Bao was extremely courteous and great at communication. She made sure I was happy with my hair and make-up before the big day. They also had an ala carte menu along with the opportunity to have extensions which turned out amazing in my hair! They were also extremely flexible and accommodating when needed. I can't thank them enough for all their amazing work!! I highly recommend this team for anyone who is looking for a professional team of hair and make up stylists for their own big day!

**Allison K**

These ladies are nothing short of amazing. They are talented, professional, kind and very available and eager to listen to your vision dreams! They listen and use their knowledge to make intuitive moves to make your looks the best, for your big day. I had multiple bridesmaids comment on their cleanliness, good attitudes and attention to detail after getting their hair and makeup done. So proud of these girls.

They were SO FRIENDLY and on team bride, and it felt like a breath of fresh air to step into their space! We ended our trial with a group hug and hopes to hang out one day.

I would recommend them 10/10 times to any bride. I felt gorgeous, thanks to them.

Thank you Lisa, Bao and Pang!

**Erin R**

The sisters of Design Affair Salon Studio (DASS) did an amazing job on hair and makeup for both my moms and I! My original makeup/hairstylist canceled on me two days before my wedding, so I found and reached out to Bao from DASS on a last minute notice! She made the process go so smoothly, considering that I was so stressed the day before my wedding! Her sisters and her showed up on the next day and worked their magic! All three of the sisters worked on us three and got all the hair and makeup done in 3 hours. They made all of us feel so comfortable and we had many good conversations during the whole process! Considering that I did not do a makeup/hair trial, DASS did a phenomenal job glamming me up for my big day! Both my moms also looked beautiful! The products that they used were very high quality! Our makeup/hair lasted for the whole day! If you need someone to glam you up for your special day, I would definitely recommend Design Affair Salon Studio!

The DASS sisters were amazing! I was lucky enough to be able to book them for my June wedding last minute. I booked my bridal trail with them and had an amazing time. They were so nice and made me feel comfortable. We had amazing conversations and I had a great time. They were able to come out to my house the morning of my wedding and help get my bridesmaid's and I ready. They were so accommodating with changes last minute and made us feel so beautiful! My hair and makeup lasted all day and into the night. Thank you ladies for the amazing job you did!
